

NORTH SOCCER CLUB

RESCHEDULING OF GAMES PROCEDURE

OUTDOOR BAYS GAMES

When it is necessary to reschedule outdoor games, all BAYS rules must be followed. Please refer to the BAYS Rulebook found on line at the following link: <http://www.bays.org/?q=node/20>. Briefly, both teams must agree to reschedule and the team requesting the change must submit two alternative dates for the game to be rescheduled. The game must be played within two weeks of the original schedule date. Tournament games are required to be played prior to the original schedule date. Player's absence or playing for another team (non-NSC) is not a valid excuse to reschedule. Team Head Coaches and/or Administrators are required to take all actions for rescheduled games as per below:

A. HOME GAMES

All of our games are scheduled by BAYS. However, the fields and the referees are scheduled by the Club. The club also provides for field lining and goal nets. When you must reschedule a home game, you must contact the Club Referee Coordinator by phone. His/her information will always be available on the club website www.northsoccerclub.com. Please get two available dates from the Referee Coordinator and provide them to the opposing coach. Once the opposing coach has agreed to one of the dates, communicate it back to the Referee Coordinator. He/she will reserve the field with the club Field Director and will assign a referee for your game.

B. AWAY GAMES

The opposing coach is required to call you when he/she wants a game to be rescheduled and provide you with at least two different dates/times for the game. In case an away game is rained out the opposing coach is required to call you at least two hours prior to the scheduled start of the game.

C. RAINOUTS

The club Field Director and/or President will determine if any of our fields are unplayable. Games will generally be played in the rain depending on the age group and field conditions. The decision on the playability of fields is generally made based on the field's safety and whether playing on it will cause it to damage. Since the fields are owned by the School Department we must protect the town's property. Games cannot be played where there is standing water. The Field Director will contact you and/or will post at the club website any field closings at least two hours prior to the scheduled start of a game. It is your responsibility to call the opposing coach and inform him/her that a game is being rained out. Please follow above procedures for rescheduling.

INDOOR GAMES

Indoor games are very difficult to reschedule due to the fact that facilities are usually booked most of the desirable times of the day. Coaches and/or Team Administrators are responsible for rescheduling indoor games. Please contact each facility's Management and coordinate directly with them the rescheduling or postponement of games. The club does not reschedule indoor games.
